

SEDIMENTARY ROCK LAB

NAME _____

Complete the table below for each sedimentary rock in your kit:

Sample	Rock name	Small medium or large sediments	Color(s)	Other (detail that makes it unique)
1				
2				
3				
4				
5				
6				
7				
8				
9				

1. What is sample 1 used for when it's mixed with water?
2. Where have you seen sample 2 before? (if you haven't ask me where its found)
3. What is sample 3 used for?
4. What is often found in sample 4?
5. What sediments make up sample 5?
6. What mineral makes up sample 6?
7. Where could you find sample 7?
8. What is sample 8 used for?
9. What makes up sample 9?
10. Where does all sedimentary rock form?
11. Why is 70% of exposed rock (rock that is visible) sedimentary?
