

Carbon cycle poster

Name _____ hr __ /24

Today your assignment is to make a poster that shows the carbon cycle.

Carbon cycle poster must include labeled drawings of:

Plants, animals, decomposers, shelled sea creatures, marine plants (5pts)

Atmosphere, Geosphere, Hydrosphere/ocean, limestone (4pts)

Fossil fuels in the ground—name all 3 (**coal, oil, natural gas**) (3pts)

A **factory, house, or vehicle** burning fossil fuels (1pt)

Arrows that are labeled with the following processes:

Respiration, ingestion, photosynthesis, combustion, decomposition, lithification, biomineralization, diffusion, death, excretion, extraction (11pts)

Student grader instructions:

Find each bold word in the poster. Circle on this sheet if you *CAN'T* find the word

PLEASE STAPLE THIS SHEET TO YOUR POSTER
